

# Public statement

OFFICE OF THE INDEPENDENT COMMISSIONER AGAINST CORRUPTION NT

## **A message from the Independent Commissioner Against Corruption**

4 February 2022

Today I issued new mandatory reporting directions for public officers in the Northern Territory.

The new reporting directions commence today.

To assist the reader to better understand my role, and the directions, I have prepared a 45 minute educational video.

I encourage all public officers, and any member of the public who wishes to better understand my role, to read the directions and watch the video.

Both the directions and the video are available on my [website](#).
