Nation's integrity chiefs agree to best practice principles for Australian anti-corruption commissions

9 December 2022

To coincide with International Anti-Corruption Day, I am pleased to join with my interstate colleagues to release our 12 best practice principles for Australian anti-corruption commissions.

The 12 principles outline what we consider to be the essential features of an anti-corruption commission in Australia, including the Northern Territory.

The Best Practice Principles for Australian Anti-Corruption Commissions and joint media release can be found on the [ICAC NT website](#).
