

OFFICE OF THE INDEPENDENT COMMISSIONER AGAINST CORRUPTION (NT)

## **Discussion Paper: Independent Oversight of Police Critical Incidents**

22 September 2023

Today I have released a Discussion Paper: Independent Oversight of Police Critical Incidents.

The paper provides an overview of current arrangements for oversight of police critical incidents in the Northern Territory, summarises the arrangements in other jurisdictions, and sets out what I consider to be some policy matters that would benefit from further discussion and debate.

In preparing this paper I have consulted with the Police Commissioner and the Ombudsman. I am grateful for their input and support.

The discussion paper is available on the Office of the ICAC internet site under [Other reports, submissions and discussion papers](#).
